Re: R920 Rectangular Rapid Flashing Beacon Buy America Compliance

To whom it may concern:

In regard to the R920 Rectangular Rapid Flashing Beacon, Carmanah Technologies certifies that it complies with the requirements of 49 U.S.C. 5323(j)(1), and the applicable regulations in 49 CFR part 661.

The R920 Rectangular Rapid Flashing Beacon (RRFB) is manufactured primarily of aluminum and use metals and optics that are of U.S. origin. The content of foreign steel used in the R920 RRFB consists of miscellaneous hardware (nuts, bolts washers, etc.) and are considered subcomponents and are not subject to Buy America. The total value of any foreign steel and iron does not exceed 0.1% of the total value of the system.

The manufacturing process of the finished product is completed in the United States of America.
